YOU ARE INVITED TO SHOWCASE YOUR ORGANIZATION AT THIS YEAR'S...

WELLNESS FAIR 2016

Guidelines for ALL exhibitors and non-profits

You are invited to the NAMI Mercer Walk 2016 hosted by NAMI Mercer on Saturday, May 7, 2016 at Educational Testing Service located at 660 Rosedale Road, Princeton, New Jersey. We look forward to your participation and hope you will join us on a day where we will walk together to improve the lives of individuals and families who are affected by mental illness!

The NAMI Walk is a wonderful opportunity for our community to gather and share in a day filled with hundreds of people, music, and entertainment. **The Wellness Fair** is an outstanding way for local organizations and businesses to share knowledge of their services and educate the citizens within the greater Mercer community. For this year's Wellness Fair, NAMI Mercer asks that each exhibitor or non-profit be able to provide information that falls into at least one of the eight following categories as defined by **the Substance Abuse and Mental Health Services Administration** : emotional, financial, social, spiritual, occupational, physical, intellectual, or environmental; however this is not required. Because the NAMI Mercer Walk is a community event for all ages, we ask that you consider bringing an activity suitable for children to your table. A table and two chairs are provided free of charge to NAMI Mercer Walk Sponsors at the Silver level (\$2,500) or higher. Please review the modest fee schedule for other event sponsors or non-sponsors.

The Eight Dimensions of Wellness as defined by the Substance Abuse and Mental Health Services Administration (SAMHSA).

Examples of how one of the 8 dimensions of wellness would fit your organization

- A yoga instructor could explain the emotional, physical, and spiritual benefits of yoga.
- Meditation instruction would promote spiritual wellness
- A financial advisor or special needs attorney can offer occupational and financial information to the attendees.
- Environmental wellness can be addressed through improved conservation behaviors that one adapts in their home.
- An organization that hosts group activities for individuals across the lifespan can discuss the importance of social wellness.
- A poetry or literature group can assist with attendees understanding improved intellectual wellness.
